Integrated Preparedness Plan Template and Assistance

When preparing for emergencies, it's sometimes difficult to assess where to start. Vermont Emergency Management knows the challenges faced by towns before, during, and after a disaster, so we have resources and people to help you through it.

A key component in planning is an Integrated Preparedness Plan (IPP). An IPP enables organizations to document how they intend to close gaps in planning, organization, equipment, training and exercising associated with priority core capabilities (https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities) over multiple years. Once created, this document serves as a roadmap to keep you on track to close known gaps.

Developing an IPP is now easier to accomplish with Vermont Emergency Management's new Integrated Preparedness Plan Template (https://vem.vermont.gov/document/integra-template) for municipalities. The template is a fill-in-the-blanks plan that allows communities to develop their own plans.

VEM also employs three Regional Emergency Management Program Coordinators who assist towns in all phases of emergency preparedness, response, and recovery. The Coordinators can help with the Integrated Preparedness Plan Template and other tasks, from updating plans, participating in trainings, and conducting exercises. If your community needs help, contact your Regional Coordinator (https://vem.vermont.gov/training/exercises)

Deadline for Day of Learning Speaker Proposals Approaching—March 25, 2022

Vermont's Day of Learning will take place on May 26, 2022 at Lake Morey Resort in Fairlee. This event is an in-person (with a remote option) learning opportunity for emergency responders, town officials, and other partners in emergency preparedness, response, and recovery.

Those who wish to present or speak at the Day of Learning have only until March 25, 2022 to submit a proposal for consideration by our planning team.

Sessions are 45 minutes long and those who are interested in presenting should submit their proposals before noon on Friday, March 25th.

Registration for the Day of Learning and speaker proposals can both be found at: https://vem.vermont.gov/conference

If you have any questions, please contact: DPS.EMHSTraining@vermont.gov.

TEXAS A&M ENGINEERING
TEEX EXTENSION SERVICE | National Emergency Response and Recovery Training Center

Training Announcement

Emergency Operations Center (EOC) Operations and Planning

MGT-346

DHS / FEMA Funded Course

WHEN: April 19th and 20th, 2022 0800-1700 each day

WHERE: Vermont Emergency Management
45 State Drive Waterbury, VT 05671

REGISTER AT: https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=FP&C=MGT346&S=415

Course Description: This course gives participants insight into the processes that are necessary during EOC during activation. The course adapts emergency management lessons learned, best practices and current National Incident Management System (NIMS) guidance to the unique requirements of EOC operations. The participants will discuss, work with and develop the critical processes of information management, resource management, and planning, then test them during a simulated EOC activation.
